

**Durr MEGTEC, LLC
STANDARD TERMS AND CONDITIONS OF SALE FOR
NEW EQUIPMENT SALES**

1. GENERAL

a. All sales between Durr MEGTEC, LLC, ("Seller") and Buyer are subject to the following terms and conditions. Provisions additional to or inconsistent with those contained herein, including, without limitation, penalty or liquidated damages provisions for late delivery, shall not be binding on Seller unless such provisions are specifically identified and accepted in writing by Seller. Orders shall be binding upon Seller only after acceptance by Seller in writing. These Standard Terms and Conditions shall apply to the exclusion of any additional or different terms and conditions stipulated or referred to by the Buyer in its pre-contract negotiations, authorization or purchase order or as otherwise implied by law, trade, custom, practice or course of dealing.

b. The most recent version of these Standard Terms and Conditions ("Agreement") shall apply for all of Seller's performance. The most recent installation rates and service charges as applicable as published or applied from time to time shall apply for all of Seller's performance.

**2. WARRANTIES, REMEDIES, AND LIMITATIONS –
NEW EQUIPMENT**

a. Standard Equipment ("Equipment") manufactured by Seller and sold hereunder is warranted to be free from defects in workmanship and material for a period of one year from the date of shipment. During the warranty period, the Seller's liability and Buyer's remedy under this warranty are limited to the repair or replacement, at Seller's option, of products found in Seller's reasonable judgment to have been defective in workmanship or material, with Seller's maximum liability being limited to the original price of the Equipment. For components or units purchased by Seller, this warranty shall apply only to the extent of the warranty granted by the suppliers thereof. Seller will not pay for travel and living expenses incurred in connection with the repair or replacement, which expenses will be billed to the Buyer at Seller's prevailing rates. This warranty is conditional upon receipt by Seller of written notice of defects within fifteen days after discovery by Buyer within the warranty period. Unless Buyer provides Seller with written documentation of the maintenance performed on the Equipment, Seller reserves the right not to honor a warranty claim. Unless specifically agreed in writing, Seller shall have no responsibility for the overall performance of Buyer's equipment not worked on by Seller. This warranty does not cover any defects or failures due to (i) negligence, accidents, abuse, improper operation, improper maintenance, improper electrical/mechanical interfacing of Seller products with other products, electrical failure, or abnormal conditions of moisture, temperature, dirt, and corrosive matter, (ii) products tampered with or altered, modified or repaired by anyone not previously approved by Seller, (iii) products damaged in shipment or otherwise without Seller's fault. This warranty does not include the cost of any labor for diagnostic purposes or expenses incurred for the adjustment of products sold hereunder. Transportation charges and risk of loss for allegedly defective products will be assumed by Seller only if returned by Buyer in strict accordance with written instructions from Seller. Replacement parts and charges associated with their replacement will be charged to the Buyer until defective parts are returned under a returned goods authorization from Seller, prepaid, accompanied by an Authorized

Return of Goods Tag, to Seller's plant in De Pere, Wisconsin. If, in the opinion of Seller, the parts are found to be defective, then credit will be given to the Buyer for the replacement parts. This warranty does not apply to experimental, developmental or non-standard products which are sold "as is".

b. Seller warrants that the products sold hereunder will not in and of themselves infringe any patent issued in the United States of America. Seller's liability under this warranty is limited to Seller's defense of any suit or proceeding brought against Buyer based on a claim that any Seller product sold hereunder when employed in the manner intended by Seller constitutes an infringement of any patent of the United States. Seller's liability hereunder is conditioned upon Buyer's giving prompt written notice of any such claim made against Buyer, all such information available to Buyer and such assistance as required by Seller in respect to such claim and Buyer's granting to Seller exclusive control of the settlement and litigation of any such suit, proceeding or claim. If Buyer's use of the product in the manner intended by Seller is finally enjoined, Seller shall at its option (i) procure for Buyer the right to continue using the product, (ii) replace same with a non-infringing product, (iii) modify the product so it becomes non-infringing but equivalent or (iv) remove the product and refund the purchase price (less allowance for use, damage and obsolescence). In no event will Seller be liable for any patent infringement based on the use of the product for a purpose other than that for which it is sold by Seller. Seller makes no warranty against patent infringement resulting from products made to Buyer's specification or the use of the product in combination with other products or in the practice of any process and if a claim, suit or action is based thereon Buyer shall defend, indemnify and save Seller harmless therefrom. Notwithstanding the foregoing, in no event shall Seller's liability to Buyer under this Section 2b. exceed \$500,000 USD.

c. Seller warrants to Buyer that it will convey good title to the Equipment sold hereunder. Seller's liability and Buyer's remedy under this warranty are limited to the removal of any title defect or, at the election of Seller, to the replacement of the Equipment or any part thereof which is defective in title; provided, however, that the rights and remedies of the parties with respect to the patent infringement shall be limited to the provisions of paragraph (b) above.

d. Seller is not liable for defects in design arising out of a design stipulated or specified by Buyer.

SELLER'S FOREGOING WARRANTIES ARE EXCLUSIVE AND ARE GIVEN BY SELLER AND ACCEPTED BY BUYER IN LIEU OF ANY AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS. THE REMEDIES OF BUYER FOR ANY BREACH OF WARRANTY SHALL BE LIMITED TO THOSE PROVIDED HEREIN, AND FOR DELAY OR NONDELIVERY WHICH IS NOT EXCUSABLE SHALL BE LIMITED TO THE PURCHASE PRICE OF THE EQUIPMENT IN RESPECT OF WHICH THE DELAY OR NONDELIVERY IS CLAIMED, TO THE EXCLUSION OF ANY AND ALL OTHER REMEDIES. IN NO EVENT SHALL SELLER BE LIABLE FOR SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION, LOSS OF USE OR PROFITS. NO AGREEMENT VARYING OR EXTENDING THE FOREGOING WARRANTIES, REMEDIES OR THIS LIMITATION

8. CANCELLATION

Requests for cancellation of any order by Buyer must be in writing and will be subject to payment by Buyer on the following basis:

Any items which, upon receipt of a written notice of cancellation are within thirty calendar days of completion, are to be completed and paid for by the Buyer in full under the regular terms and conditions of billing. On all items for which materials have been purchased but on which no actual production has been started, payment will be made on the basis of actual cost of materials purchased, plus 15% on the total of such cost and expenses. On all items already entered for production and which are not within thirty calendar days of completion, payment will be made on the basis of actual cost of labor (including without limitation engineering services), materials and supplies applied to the production of such items, any other cost or liability which in the circumstances was reasonably incurred by the Seller in the expectation of completing the Equipment or in the winding down of the work, plus overhead expenses allocated in accordance with generally accepted accounting practice as applied by Seller, plus 15% on the total of such cost and expenses; provided the total shall not exceed 90% of the agreement price. 9. RETURNED MATERIAL

10. DELAY

11. ENGINEERING DRAWINGS

General layout drawings will be submitted to the Buyer for approval and the Buyer will be asked to approve or comment on these drawings in regard to the scope of the work and overall dimensions. Approval by Buyer does not relieve Seller of obligation to perform to all the other specifications of this agreement. In the event of interference, the Buyer will be responsible for supplying Seller with information that will eliminate interferences of Seller's Equipment with other equipment, piping and wiring. Layout drawings will be used for the preparation of fabrication drawings after they are returned with the Buyer's approval or comments.

All additional engineering and/or drafting costs required to revise layout drawings and manufacturing drawings as a result of changes requested by Buyer after initial approval will be invoiced to the Buyer at Seller's prevailing per hour rates. Except as to warranty of title to any goods furnished, all Seller liability shall terminate upon the expiration of the warranty period specified in the contract, provided, however, that Buyer may enforce a claim of such liability by an action timely commenced in a court of competent jurisdiction in accordance with the applicable statute of limitations and/or statute of repose, but in no event later than one (1) year after expiration of the warranty period.

18. CONSEQUENTIAL DAMAGES

NOTWITHSTANDING ANYTHING HEREIN TO THE CONTRARY, NEITHER MEGTEC NOR ITS SUBCONTRACTORS SHALL BE LIABLE, WHETHER ARISING OUT OF CONTRACT (INCLUDING THE FAILURE OF

If so required by Seller, Buyer will execute all appropriate documents, including a form UCC-1, to perfect and evidence such security interest.

21. ASSIGNMENT AND NON-WAIVER

a. This agreement is not assignable or transferable by Buyer whether voluntary or by operation of law, in whole or in part, without the prior written consent of Seller. Seller may transfer or assign this agreement without Buyer's prior consent provided that such assignment or transfer is to a parent company, or by way of merger, consolidation or acquisition of substantially all of Seller's assets.

b. Seller's failure to insist upon strict performance of any provision hereof shall not be deemed to be a waiver of Seller's rights or remedies or a waiver by Seller of any subsequent default by Buyer in the performance of or compliance with any of the terms hereof.

22. SEPARATE AGREEMENT

Each delivery shall stand and may be recovered for as a separate and independent agreement. If Buyer fails to fulfill the terms of order, purchase, or payment under this or any other agreement with Seller, Seller without prejudice to other lawful remedies may at its option defer further shipments hereunder until such default is made good, treat such default as a breach of this entire agreement or terminate this agreement.
